

# AN INTERACTIVE DISCUSSION OF ANESTHETIC EQUIPMENT, DRUGS, PATIENT MANAGEMENT, AND SAFETY CONSIDERATIONS

---

Join us for a virtual CE with Kurt Grimm, DVM, MS, PhD!

This program will be an interactive question and answer-based discussion helping the participant develop deeper understanding of selection, use, and troubleshooting of anesthetic equipment and monitors as well as discussing the risks and benefits of various anesthetic and analgesic drugs and drug protocols. Also being discussed will be the pros and cons of everyday decision-making scenarios based on participant case examples

This CE is \$30 and is 2 RACE approved credits. Register at:
